

TEST-OUT Of InTech Requirement

Teachers and Administrators are you having a challenging time trying to find spare time in your schedule to take the Technology Classes that are required by 2006? The Cottage School has a solution for you! We are offering a test out program. The Cottage School is fully accredited to offer the Access OnLine Test-Out Program that allows teachers to meet the Technology state requirement for only \$25.00 per test. If you need to retake the test after tutoring it is an additional \$15.00. Call or e-mail Dawn Ferrigno, Director of Ancillary Programs for dates and times.

The Cottage School
